"My experiences and acquaintances as a student at Clarke College are among the richest blessings of my life. That thing called school spirit was excellent, but the spirit of those who taught me was superb. I'm thankful that they thought it important to stress things eternal."

Dr. M. L. Flynt, Jr.
Physician and Surgeon
Meridian, Mississippi

Dr. W. Levon Moore

"I owe Clarke College a debt which I can never pay. This school provided me quality education in a distinctively Christian atmosphere. It gave me encouragement when there was little encouragement; work when my labor was all I had to offer for tuition; and it provided the raw materials for some of life's most necessary foundations . . . foundations that have made life happier and more useful than it otherwise could have been."

"I shall ever feel indebted to Clarke College. It gave me that 'indefinable something' that increases with the passing years. Clarke is rendering a definite, unique service in the field of Christian education and fully deserves the active support of all friends of Christian Education."

Mr. J. A. Travis
Associate Executive
Secretary (Retired)

Arthur Winstead

"Among the several schools I attended in preparation for a life of public service, I received some of my most valuable training at Clarke College. Knowing what I know now, if I had my course of higher education to travel again, I would choose Clarke for my first two years."

"Not knowing what field of work I would enter, and knowing that God had a plan for my life, I chose Clarke College because I knew the Christian atmosphere there and the counsel of dedicated teachers would meet my need."

Mrs. Howard Hamrick
Homemaker and
Missionary to Indonesia

Mr. Lewis M. Clark
1st. Vice President (Retired)

"The three years I spent at Clarke College were most rewarding. In addition to the books prescribed for study, I learned a lot about how consecrated men and women prepare for life. It was a great experience for a country boy who was so eager to learn that he was willing to fire a boiler as part pay to stay in school."
